**Monday, June 8, 2009**

**9:00 am**

Meet in Cle Elum at Safeway Parking Lot (carpool to site)

**11:30 am**

Lunch at Irene Rinehart Riverfront Park

**1:00 pm**

Join your guide for the afternoon river float

### **Join Washington Water Trust for a day on the river!**

Learn about our projects, our unique approaches to working with private landowners and how we benefit fisheries statewide. We have been working across the state since 1998 to improve stream flows for fisheries and critical habitats. Washington Water Trust is proud of its accomplishments statewide and our projects include rivers and streams in Yakima,

Okanogan, Methow, Walla Walla, Dungeness, San Juan Island, and lower Columbia Basins. You will be able to see first-hand how the water trust is improving the health of Washington's rivers and streams. We are hosting this event because your involvement and grassroots support is critical to sustaining our and improving these precious resources and the sport of fly fishing in the Pacific Northwest.

**Please RSVP by May 15th to:**

Lea Whitehill, 206.675.1585 x102
